BEAN'S

CREO-CARBOLATED WOOD PRESERVER

is now being largely used on shingle roofs, plain wood-work, etc., adding brightness and great beauty thereto. Being a stain, it preserves the natural grain of the wood, prevents wet or dry rot, and is much more easily applied and penetrating than paint and fully as effective against the elements.

We furnish it in ***Brown, Bottle-Green, Buff, Chocolate, Drab, Gray, Olive, Pearl, Pea-Green, Red, Slate*** and ***Straw,*** in either light or dark shades.

READ THE HEADLINES.
(ALSO BETWEEN.)

There are some points on this Route which will interest and be profitable to you.

We are determined that people who travel on our lines shall have Pure, Reliable Goods, if they want them.

B. P. G. ROUTE.

MAINE TO TEXAS, - - AND SUCCESS.

WE SELL GOODS ALL ALONG THIS LINE.

BEAN'S PURE GOODS LINE.

This ticket is good to inform you of **Best and Purest Goods**, and where to get them. It entitles the holder to know that we guarantee all of Bean's make of goods, just as we claim them to be. **Pure and the Best.**

The quantity is not limited to 100 lbs., nor the price to $1.00 per pound, and if you do not like the goods or the route, you can "stop off" anywhere in your purchases.

For further particulars write or apply to

LEWIS U. BEAN & CO., Manufacturers of Paints, etc.

922 CHERRY STREET., PHILADELPHIA.

PIGMENT TO COLORVILLE.

BEAN'S PURE COLORS

Are pure and of the strongest tinting tones and quality —and further, they are **ground in Pure Linseed Oil.**

NOTE.—We use no Paraffine, Wool, Neutral, Cottonseed, Coal, Corn, "Prepared," or any fictitious oil in Bean's Pure Paints. Nothing but Pure Linseed Oil, which makes this route fine, smooth and easy.

COLORVILLE TO SASHVILLE.

BEAN'S PUTTY.

The best in the United States, and all our other goods are just like it, and are guaranteed.

Poor Putty is a mean thing, and is dear at any price; and too, it is hard on the morals, as well as the reputation.

Only first-class tickets sold on this road.

SASHVILLE TO COTTAGEVILLE.

1869-1897—28 YEARS.

FRANKLIN READY MIXED PAINT.

The first genuine Ready-Mixed Pure Linseed Oil Paint ever made in the United States, and by all odds the best. Made in 1869 by the present proprietor; costs no more than the trashy articles in the market.

Passengers by this route get full value for their money.

COTTAGEVILLE TO FILLERWOOD

BEAN'S WOOD FILLER.

(BOTH LIQUID AND PASTE.)

Fills the wood to perfection, making a hard, smooth, lasting surface; nothing in it to decay; prevents suction and remains permanent. It is cheap, because it is good and goes far.

It does its work well.

The road-bed of this route is filled and leveled to perfect smoothness.

FILLERWOOD TO JAPAN.

BEAN'S JAPAN ENAMEL.

For **Radiators, Bath Tubs, Bicycles, Iron Work, etc.** Black, Brown, Buff, Steel, Blue, Green, Vermilion, Yellow, White, etc. ½ pints to 50 gallon barrels. Quality guaranteed.

Passengers by this route are not expected to purchase more tickets than they need.

JAPAN TO WHITE HOUSE.

BEAN'S SPECIAL PURE WHITE.

(FOR INSIDE AND OUTSIDE USE.)

The **first** and **original one**: made since 1869, and by all odds the best. Guaranteed pure and to give satisfaction. It is much cheaper than white lead as mixed by hand, and will go farther and outwear it.

By connecting at this station passengers can make quick time, and save expense.

WHITE HOUSE TO GRAYSTONE.

BEAN'S PRIMER AND FILLER.

(GRAYSTONE COLOR.)

Fills the want of the painter for first coating, (can finish with it), also prevents suction, saves paint on subsequent coats. Adheres firmly, goes far, makes a hard surface over which to finish. Saves labor and money.

Passengers should not fail to use observation cars at this point.

GRAYSTONE TO CREO-CARB.

BEAN'S CREO-CARBOLATED WOOD PRESERVER,

The best Wood Preserver and Stain in the world, for shingles, gables, etc. Shades bright, cheerful, inviting. Guaranteed.

Architects always stop off at this station to see the beauty of the buildings for which they so highly recommend the Creo-Carb.

CREO-CARB TO FINISH.

BEAN'S TEXTITE—Outside Varnish.
" VARNLAC—Floor Polish.
" HARD OIL FINISH—Fine.
" JAPANS, etc., etc.

Our Varnishes are made with great care and of selected gums, each one especially adapted to its particular use.

Passengers who have traveled this route are not inclined to ask for rebates.

RETURN COUPON.

Will be used by those who once try our make of goods; they always return again to buy, even if they are persuaded away for a little time, and they say: "Your Paints always gave good satisfaction, and you treated us well."

Requisitions on us for supplies or any service will always have prompt and careful attention.

THE BEST IN THE UNITED STATES

BEAN'S FRANKLIN READY-MIXED PAINTS

IN USE SINCE 1870

The **Franklin** is the first **Genuine Ready-Mixed Pigment Paint** ever manufactured in the United States, and is to-day, by all odds the best, because it is made from **Pure White Lead and Zinc,** and absolutely **Pure Linseed Oil** with our **Special Dryer** which with the peculiar manner of manufacturing this Paint, makes it all we claim it to be. ☞ *The best in the United States, by all odds.*

This Paint does not contain Barytes, Lime, Silicate of Soda, Water, Benzine, Naphtha, Coal Oil, or any adulteration whatever—It is absolutely **Pure Paint.**

If Bean's Franklin Ready-Mixed Paint

is not satisfactory, and if it is the fault of this Paint, we will at our own expense, repaint the same premises; providing the painter follows the directions on the label "*How to Paint.*"

☞If you have any paint on hand not giving you entire satisfaction, out of order or unsaleable, we will arrange to exchange our Franklin Ready-Mixed Paint for it.

Stag "A No. 1" Ready-Mixed Paint

This is a good, first-class Paint and will give entire satisfaction where a cheap substantial Paint is needed.

The Stag are far better than the great majority of the Ready-Mixed Paints on the market. It is a **Pure Oil Paint,** but not all linseed oil.

Send for sample card and special prices on these and other goods in our line.

WE MAKE THE BEST PUTTY IN THE UNITED STATES

TDCAT 1896-97 #PAPV038238

LEWIS U. BEAN & CO.,

922 Cherry Street, Philadelphia.

We manufacture all kinds of Paints, Colors, White Lead, Varnishes, Wood Stains, Wood Fillers, Enamels, etc.

DO YOU GET PURE PAINTS AND COLORS? ARE YOUR PAINTS AND COLORS GROUND IN PURE LINSEED OIL? ARE YOU SURE?

It is very important that your Paints, Colors, Lead, etc., are ground in Pure Linseed Oil. Many *are not*, and you cannot always take the wording on the labels as a fact; indeed, some labels adroitly avoid altogether saying "ground in pure Linseed Oil."

Examine your Paint and Colors carefully for quality of oil as well as quality of the pigment.

BEAN'S PURE COLORS AND WHITE LEAD

are ground in Pure Linseed Oil, and can be safely used as a test in comparing with any Paint in the market as to Linseed Oil, Fineness, Purity and Pigments.

When we say **pure,** we mean it all the way through.

DRY PAINTS

Just now we can give you a special drive on these **dry Colors: Venetian Red,** the brightest you ever saw. **Metallic Brown,** very fine. **American Ochres,** light and bright. **French Ochre**, strongest and brightest in this country. **Indian Red, Umbers, Siennas,** etc.

If you need any of these colors, dry or in oil, it will pay you to communicate with us. Send for samples and prices.

B. F. WELLS, Keyser, W. Va. "Your treatment of me has been the very best and kindest, and your **Paints, Colors, etc.,** which I have used for the past dozen years, have been the best I ever used, especially so your **Colors, Ready-Mixed Paints, Wood Filler, Outside White and Primer and Filler.** I hope to give you a good trade next Spring."

OSCAR BELLMAN, Hagerstown, Md. "Your goods have been giving better satisfaction than any we have been using, and you can depend on securing our orders."

G. W. HUDSON, Chipley, Fla. "The goods from your house give perfect satisfaction, more so than any Paint I ever handled."

L. R. NICHOLS, Poolville, N. Y. "Your **Paints** have been highly recommended to me by M. W. Rhoades of Hubbardsville."

D. D. TOMPKINS, Boonton, N. J. "I have been satisfied with your **Paint, Terms and Treatment**; perfectly so."

C. H. HOWARD, Rutherford, N. J. "Your **Paint** is first class, and goes ahead of any I have used."

P. G. STEALEY, Palatine, W. Va. "Your Paints are giving us and our patrons, great satisfaction."

I. N. HOFFMAN, High Bridge, N. J. "The paint I received I am very much pleased with.

D. M. ROGERSON, Jamestown, N. Y. I am well pleased with your **Primer.**

THE REUBEN RINK PAINTING & DECORATING CO., Kernersville, N. C. "Your **Special Pure White** has been used with good success; we find it equal to any lead we have used. The **Putty** we found superior to any we have used for ten years."

DANIEL OTT, Johnstown, Pa. "I like your **Outside White** very much. It covers well and makes a nice paint for outside purposes, and is much cheaper than White Lead."

A. S. BRINK, Kinzua, Pa. "If you will excuse me, I will say I like the **Pure White** best of any **Ready-Mixed White** I ever used."

BOONE & HUNTER, Berkeley Springs, W. Va. "Your **Special White** is all O. K. and are sorry we have not been able to order more."

JOHN R. BROWN, Belmar, N. J. "I used your **Outside White,** and it is as good Paint as I ever used."

P. SNYDER, Everett, Pa. "Your **Outside White** takes the cake."
